MATURE UPDATE FOR DONKEY, MULE OR MINIATURE DONKEY OR ZEBRA HYBRID

For Miniature Donkey Registry of the United States American Donkey Registry, American Mule Registry Zebra Hybrid/Bloodstock Registry

Transfer on Reverse side

Address: PO Box 1210, Lewisville TX 75067

Your animal's registration is Permanent: this is a Reissue of registration certificate at maturity. After the third birthday *, all animals should have their certificates reissued. The re-issue will then show the animal's mature height, mature photos and any color or other changes. *Mammoth and large donkeys and mules should wait until the animal is fully mature to update, any time from age 4 to age 5 years in some cases.

If you are transferring an animal into your name, <u>you may update and transfer at the same time without any extra charge</u>. (The fee for transferring and updating at the same time is <u>ONLY \$7.00 not \$11.00</u>). Check the Height field on your papers. If it says IMM or Immature, and the animal is now over three, please take the time to update or at least give current height for our computer database.

You <u>do not</u> need to be an ADMS member to update a registration. However, we welcome your membership – please enclose \$23 (US, \$30 US dollars for a Canadian membership, or \$35 – US funds – for overseas.)

Please make sure the transfer form is properly filled out if transferring at the time of update. (See reverse side of this form.)

Your donkey/mule photos should show the animal as close to 2x3" as possible- the same size as in the box above. They should not be postage-stamp sized, nor larger than 4x6". Photos are for ID and should be clear, well-lit full side views with the entire animal in the frame.

PLEASE SEND:

CURRENT OWNER'S NAME & ADDRESS: (please fill this out for our future reference!)

ANIMAL NAME & REGISTRATION NUMBER.					
NAME	REG#				
Height at the withers:	Summer Coat color:				
Added brands, tattoos, microchips, markings not noted before					

Please check to make sure you have ALL of the following items included:

- 1. <u>Original Registration Certificate</u> (if animal has numbers for both MDR and ADR, be sure to send both certificates. Keep a photo copy for yourself but *send ADMS the original*)
- 2. <u>Two new photos</u> one photo of each SIDE of animal clearly showing shoulder stripe if present. If the animal is black, sorrel/Red, or roan, we prefer summer coat photos for the update. (If photos are not provided your update and/or transfer may be held up. See note regarding Photo Size)
- 3. \$4.00 fee (to help pay for postage and certificate). * See transfer info above.

If you are transferring the animal to someone else at the same time you are doing this mature update, please read the other side carefully for more details. The fee to TRANSFER and UPDATE at the same time is ONLY \$7.00 – see TRANSFER Rules on the other side of this page.

ADMS Form 54 Rev: 1-11-07
